## DAD'S SOLILOQUY

By Bessie E. Conger

The golden hour of sunset is fading into the night, Dad sits on the old-fashioned doorstep smoking his old cob pipe. His face has a rapt expression—and I think me of his joy—He's dreaming the dreams of childhood when he was just a boy;

There are thoughts of a dog and a shotgun, a field a brook and a hill  
Where oft he went a-shootin'—Ah, the game he used to kill!  
There are thoughts of home and mother, and the Supper table spread;  
There are thoughts of pap and a hickory switch out in the old woodshed, when he was just a boy.

There are thoughts of a summer's evening when the Chores all were done.  
When nature's own orchestras were playing one by one;  
There was the great bull frog down in the swamp and the locusts on the hill.  
The old sweet song of the mocking bird, and the cry of the whip-poor-will, when he was only a boy.

There are thoughts of a winsome lassie with eyes of deepest blue;  
Of all-day Sunday courtings, of love-sick moments, too;  
There are thoughts of bashful moments when oft for words he'd moan  
While Johnny Reek, the dirty sneak, was seen 'Lissa home!  
When he was just a boy.

Dad sits alone in the darkness and knocks the ash from his pipe,  
He's dreamed his dream of childhood, he's only a boy tonight!  
His heart's as light and his eyes as bright as when And though he's nearing seventy, his life is still a joy, he was "just" a boy.

## CEMETERY SPECULATION

American real estate, the statisticians say, has been dull for some time compared with other branches of business. Its dullness has been emphasized this year by the diversion of credit so largely to stock speculation and away from land investment.

There is one form of real estate though, that appears to be flourishing. There is a boom in cemeteries.

Detroit is a notable example. A reporter finds eight different cemetery projects under development there, some of them running into millions of dollars. In one of those mortuary allotments, the cheapest lot will cost its prospective occupant \$2,800. If the luxurious mortal wants a post mortem flat, which is to say a "stateroom in the mausoleum," he will pay \$60,000 for it.

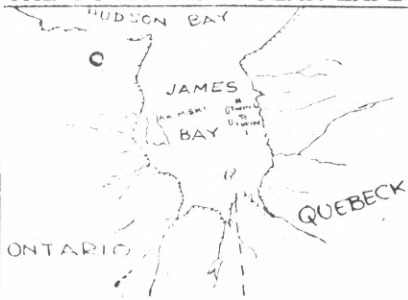

Other cities show similar booms, with people buying cemetery lots for speculation. Can you beat it?

In the recent election in Italy 99 of 100 votes cast were for Mussolini. Maybe it would be a good idea for Chairman Raskob to go over there and get the system.

The "gin marriage" law ought to make a lot of money for the railroad. One reads of the love birds rushing to Reno to get married, then in a little while they rush back again to get unmarried.

The principal reason why a woman can't be president is that few of them get to the point where they will admit being old enough.

## THE OUTLINE OF POLAR EXPLORATION

MANY DAYS THEY SPENT IN SAILING TO AND FRO IN JAMES BAY—STRANGELY AVOIDING THE WEST COAST OF HUDSON'S BAY WHERE LATER AMUNDSEN FOUND THE PASSAGE.

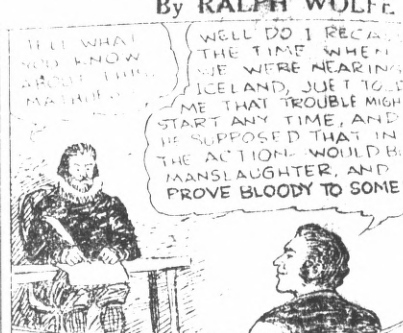

ONCE MORE THE CREW BEGAN TO GRUMBLE—DISCONTENTED AND DISTRUSTFUL OF HUDSON'S COMPETENCE AS A NAVIGATOR.

## Just's Trial

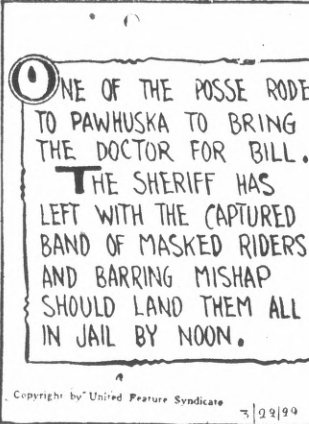

HUDSON BECAME FURIOUS WITH ALL OF THEM BECAUSE HE WAS BEGINNING TO LOSE FAITH IN HIMSELF AND WAS UNCERTAIN AS TO WHAT COURSE TO FOLLOW NEXT. HE ACCUSED JET.

THE TRIAL WAS HELD ON SEPTEMBER 10th. HUDSON QUESTIONED JET AND LISTENED TO HIS OWN DEFENCE AND AFTER THAT THE CHARGES AGAINST HIM. THEN MATTHEWS TESTIFIED.

## RICHMOND CLUB SPRING MUSIC FETE PLEASURES

One of the most charming events of the season was a special musical given yesterday by a group of local artists at a meeting of the Richmond club. Appearing on a brilliant program arranged by Mrs. Zella Chapin, were several soloists of local prominence, a dramatist of great ability and a number of dainty little fairy dancers.

Colorful costumes, and attractive scenery and decorations made the event truly one of springtime. No efforts were spared to make it a success in artistic, costume and general arrangement.

Of great interest was one of the poems used in the musical. The dress, worn by Miss Belle Woodford, is the property of Mrs. Emily Axtell and was formerly the property of a member of her family who wore it over 80 years ago. Another feature of the event was a music box over one hundred years old. It was used to accompany little Miss Betty Archibald in a fairy dance.

A great deal of credit goes to Mrs. Chapin who worked untiringly to make the event a success in every way. Members of her committee were: Stage, Mrs. Dan Reardon, Mrs. C. F. DeShields, costumes, Mrs. C. F. DeShields, Mrs. Genevieve Holbrook, Mrs. T. T. Cranner, business, Mrs. J. W. Smith, Mrs. T. T. Cranner, decorations, Mrs. L. W. Westhoff, Mrs. Harry Merland, Mrs. Ella Locke and Mrs. C. F. DeShields.

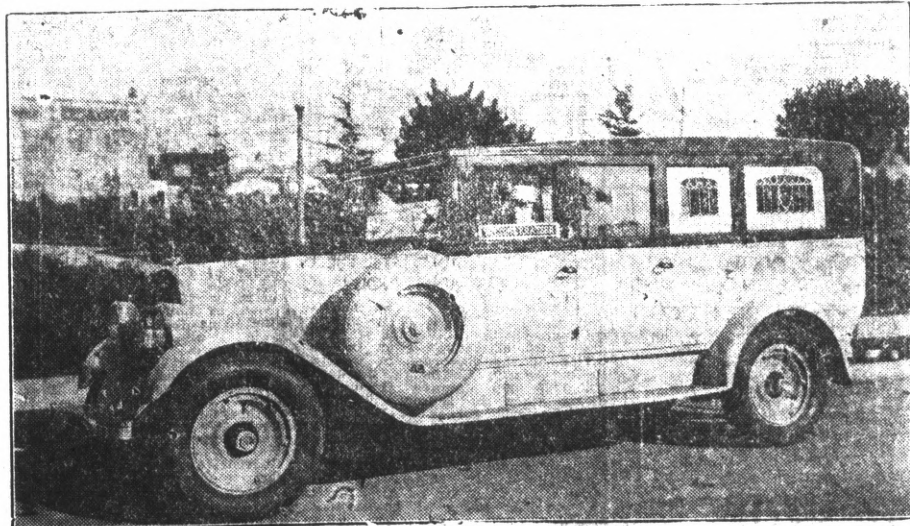

Accompanists for the afternoon of music were: Mrs. J. O. Ford and Mrs. Hazel Reed.

The complete program was as follows: Violin solos, "Adoration" and "Orientele" by Mrs. J. E. Teussant; "Midnight Fantasy" a playlet directed by Mrs. Lura Kent, with Miss Bernice Mills, Mrs. Virginia Bryant and soloist Mrs. James Stuart; violin solo, "Serenade" Mrs. Teussant; dramatic reading "Ashes of Roses" Mrs. J. S. Stuchland; fairy dance, Betty Archibald; Rose dance, by little Jean Taggart; song, "Shy Little Violets" Mrs. Hillier; dance fairy, Betty Archibald; solo, "Just a Song at Twilight" Mrs. Ross Caffee; solo, "Little Old Garden" Mrs. James Stuart; solo, "Love Sends a Little Gift of Roses" Mrs. Florence Clarke; solo, "Jeannie of Ilac Time" Miss Jessie Lambrecht; solo, "When Irish Eyes are Smiling" Mrs. Margaret Allen; solo, "Springtime" Mrs. Ross Caffee; dance, Conchita, Betty Archibald; solo, "Sweet Bunch of Daisies" Mrs. Bessie Stribley; "I Love You California" Mrs. Ina Cooper; Spanish dance, Dorothy Heinemann; solo, "After Blue Gown" Miss Belle Woodford; solo, "Just Like a Gypsy" Miss Maudie Turner; solo, "Play Without a Stain" Mrs. Irma Randolph.

## FEDERATION OF WOMEN'S CLUBS MEETS THURSDAY

Nearly one thousand women representing clubs from five counties will gather in Berkeley on Thursday, Friday and Saturday of this week to attend the annual convention of the Alameda district, California Federation of Women's clubs. Contra Costa clubwomen will play an important part in the convention.

The election of officers will be one of the interesting events of the meet. Richmond women are quite proud of the fact that to date the name of one of their co-workers, Mrs. S. S. Ripley, is the only name that has been considered for president in the district. Mrs. Ripley now holds the offices of district parliamentarian and state treasurer.

"Safeguarding the American Home" has been chosen as the general theme of the conference. Delegates will spend the three days considering this problem from every angle.

An interesting event of the first day will be a press luncheon arranged by Mrs. W. G. Foster of Berkeley, district press chairman. Those in attendance will include newspaper women and press chairmen of the district, district officers and club presidents. Mrs. Lura Kent, press chairman for Contra Costa county federation will be present.

Members of Contra Costa federation will be featured in several events. The Club Mendelssohn quartet, including Mrs. Ross Caffee, Miss Jessie Lambrecht, Mrs. Ruth Bergen and Mrs. Edyth Ford will appear on a musical program. Mrs. Lura Kent is to have a part in the stunt program which will follow the press luncheon. Mrs. Prosper Oliver, vocalist, and Mrs. Paul Richardson, pianist, both of Concord, will be featured during the musical program.

Some of the main events are as follows: Friday, president's luncheon, Friday night, annual district banquet of the college women's clubhouse; Saturday, luncheon honoring the juniors.

Among the noted speakers secured for the conference are: Kathleen Norris, California writer; Miss Emily H. Noble, social service worker at the University of California; Dr. Herbert Stoltz of the university; Mrs. W. W. ## High-compression motors exposed an old offender: Hard carbon from burned oil

Pick up the automobile section of your paper, or turn to the car advertisements in your magazines. Everywhere car manufacturers are talking greater speed, more brilliant performance, thanks to high-compression motors.

Economical to run, longer lasting, better balanced—there are dozens of advantages possessed by these new motors. And if you'll remember, Chrysler was first, or among the first, to tell us of this trend in engine design.

Now come just three words of warning—beware of coke-carbon! No fault of the new type motor—but a very definite fault in motor oils. Oil refiners could conveniently "forget" hard carbon as long as motors were big enough to hold a handful of it. It was harmful, of course, but not immediately disastrous.

Hard carbon causes knocking, engine strain, power loss. Flakes get under valves and expose their seats and stems to burning, warping heat. Gritty bits grind through bearings, remaining fluid in the coldest weather, resisting the highest summer heat. Its new high-vacuum refining process is a development as important to car owners as is the advancement in motor design. Make it an absolute requirement when you refill the crankcase.

## SHELL MOTOR OIL

Shell 400, the new "dry" gas that burns cleanly and keeps out of the crankcase, is the ideal running mate for Shell Motor Oil. Even Shell Motor Oil can be ruined by "thinning" with "wet" gasoline.

## W. C. T. U. WILL FIGHT LAW REPEAL

EVASTON, Ill., April 22.—UP.—The Women's Christian Temperance Union announced today "an immediate campaign to reinstate the Wisconsin prohibition law if it is repealed at the present session of the legislature."

Claiming the recent referendum showed "an amazing increase in dry strength in a wet state," national headquarters of the union here said the organization's influence would be thrown into the wet and dry battle to counteract the work of the association against prohibition amendment.

In the referendum, Wisconsin voted by a plurality of more than 150,000.

The W. C. T. U. in its announcement, claimed the official figures showed a gain of 20,000 dry votes over those cast in the 1926 liquor referendum while the wets gained only 1,000.

## Honolulu Solons Pass Bill For Whipping Post

HONOLULU, April 22.—(UP)—Establishment of a whipping post with provision of administration of 20 lashes with a cat-o-nine-tails to major violators of statutory laws was approved by the House of Representatives of the territorial legislature here today.

Vote on the so-called Whipping Post bill was 27 to 3, and it goes to the senate for consideration and final adoption. The whipping post would be in addition to other penalties already prescribed for offenses against girls and women.

Any number of lashes up to 20 could be ordered, provisions of the measure giving the trial judge complete authority to designate the number in accordance with the seriousness of the crime.

The law as it is worked at present would be effective for only two years. It requires the creation of a commission to study the effect of the law and to study if it deters the crimes toward which it is aimed. The commission would report at the next legislature which must renew the law if it is to be enforced permanently.

## HOOVER APPEALS TO NATION FOR ENFORCEMENT OF LAWS

Continued from Page 1

Then the president went directly into a review of the prevalence of crime, which he said existed in every portion of the United States, in country districts as well as in cities.

He took the figures of murder as an illustration—more than 9,000 persons killed every year; hardly more than half that number even arrested; less than one sixth of the arrested persons convicted; and but a scandalously small percentage adequately punished.

He cited the extent of murder, burglary, robbery, forgery and embezzlement—because, he said, of the popular idea that prohibition was at the bottom of the crime wave. This idea, he argued, was wrong.

**Respect Fading**  
"What we are facing today," he said, "is something far larger and more fundamental—the possibility that respect for law is fading from the sensibilities of our people."

The gravity of this pronouncement was matched by two others at other stages in his speech:

"The problem of law enforcement is not alone a function of business or government. If law can be upheld only by enforcement officers, then our scheme of government is at an end. Every citizen has a personal duty to order his own actions, to so weik the effect of his example that his conduct shall be a positive force in his community with respect to the law."

"I am wondering whether the time has not come to realize that we are confronted with a national necessity of the first degree, that we are not suffering from an ephemeral crime wave but from a subsistence of our foundations."

At this point, the president appealed urgently to newspapers and to citizens alike to uphold all laws... the unpopular ones as well as those to which normal-minded people have learned to accustom their acts.

**Appeals to Press**  
"Possibly the time is at hand," he said, "for the press to systematically demand and support the organization of our law enforcement machinery—federal, state and local—so that crime may be reduced."

For the government's part, the president outlined his plans to reorganize law enforcement machinery. He said:

"We have two immediate problems before us in government: to investigate our existing agencies of enforcement and to reorganize our system of enforcement in such a manner as to eliminate its weaknesses."

**To Strengthen Forces**  
"It is the purpose of the federal administration systematically to strengthen its law-enforcement agencies week by week, month by month, year by year, not by dramatic displays and violent attacks in order to make headlines, not by violating the law itself, through misuse of the law in its enforcement, but by steady pressure, steady weeding out of all incapable and negligent officials, no matter what their status, by encouragement, promotion and recognition of those who do their duty."

duty; and by the most rigid scrutiny of the records and attitudes of all persons suggested for appointment to official posts in our entire law-enforcement machinery.

"Every student of our law enforcement mechanism knows full well that it is in need of vigorous reorganization, that its procedures unduly favor the criminal, that our judiciary needs to be strengthened; that the methods of assembling our juries needs revision; that justice needs to be more swift and sure. In our desire to be merciful the pendulum has swung in favor of the prisoner and far away from the protection of society."

**Crime Commission**  
President Hoover here referred to his plan for a national crime commission "to study and report upon the whole of our problems involved in criminal law enforcement."

"I do not propose," he added, "to be hasty in the selection of this commission. I want time and advice, in order that I may select high minded men, impartial in their judgment, skilled in the science of the law and our judicial system, clear in their conception of our institutions. Such a commission can perform the greatest of services to our generation."

New Yorkers were interested particularly in the president's reference to enforcing law "without violating the law itself through misuse of the law in its enforcement."

It was taken to mean on the surface indiscriminate shooting and so forth by dry agents.

## 20 KILLED IN MEXICAN FIGHT

NOGALES, Sonora, April 22.—(UP)—A bulletin issued at Revolutionary headquarters here today announced that 20 federalists were killed and 100 taken prisoner when the vanguard of General Juan Almazan's federal column was surprised as it entered Pulpito pass.

The rebels, commanded by General Marcelo Caraveo, have been defending the eastern boundary of Sonora since the main insurgent army evacuated Chihuahua. There was no mention of any rebel casualties in the announcement.

The Reinforced West Coast rebel army was reported concentrating at Masticia, Sonora, preparing for a stand against federalists moving northward through Sinaloa state.

The rebel generals Fausto Topete, Roberto Cruz and Lino Morales were said to have a force of about 6,000 men.

There was no indication when an encounter at Masticia could be expected, but it was said that the opposing columns were not more than 35 miles apart.

## COUZEN HEADS INTERSTATE BODY

WASHINGTON, April 22.—(UP)—Senator James Couzens of Michigan, millionaire philanthropist and liberal, looked as one of the most important figures in congress today with his selection by the Republican caucus for the chairmanship of the Senate Interstate Commerce committee.

With the possible exception of the finance committee, presided over by the conservative Senator Smith of Utah, the committee couzens will head is the most important to business generally of any in the senate organization.

Couzens succeeds Senator Watson of Indiana, now leader of the Majority party, who will remain on the committee as ranking Republican member. Although a businessman himself, Couzens is not secret here that Couzens' assignment to Watson's post was opposed by business interests and by some conservatives in the senate because of his independent and progressive views. Pressure was brought upon Watson to retain the chairmanship despite his advancement to the leadership.

## Farm Bureau Delegates On Tour Of State

Leaving from Berkeley early Wednesday morning, a large group of Farm Bureau delegates will start a tour down the south coast counties for a ten day traveling conference.

According to C. W. Pangburn, president of the Contra Costa Farm bureau three delegates are to go from this county along with the local farm advisor.

Fifty automobiles with about 200 persons will travel 600 miles observing methods and results of agriculture extension service and farm bureau activities in the counties enroute. After continuing the tour through Los Angeles, Riverside and San Bernardino counties the conference will disband May 8, in Orange county.

## Loan Company Named In Suit

Suit for \$200 against the Contra Costa Building and Loan association has been filed by the Schwabacher-Frey company of San Francisco for supplies furnished to the company.

## CATERPILLARS FOUGHT HERE

MARTINEZ, April 22.—Sections of Contra Costa county have been hit by the caterpillar scourge which has already destroyed fruit trees in other parts of the state. It was feared here today.

According to a report of F. R. Vorenkamp, el Martinez, caterpillars were discovered yesterday in one area weighing down branches of fruit trees.

The horticultural commission of Sonoma county has taken measures to curb the pest and similar efforts will probably be established in Contra Costa county within the next few days.

CHRONIC CASE OF SORE LEG:  
LIMB TURNED BLACK; AM-  
PUTATION FORESTALL-  
ED BY FONG WAN  
HERBS

July 10, 1928.  
To Whom It May  
Concern:  
Oakland, Cal.

About 15 years  
ago I underwent an  
operation that left  
my leg in an ulcer-  
ated condition from  
which I suffered a  
great deal. I treated  
it with many herbs,  
but got no relief.  
I then wanted to  
operate on the leg.  
Herbalist another wanted  
to amputate it.

About two and one-half years  
ago my leg turned black and  
I was not able to wear a shoe.  
A friend told me about Fong  
Wan, so I consulted him. After  
following his instructions as to  
diet and taking the herbs that  
he compounded now after eleven  
months my leg is in normal con-  
dition, and I am in perfect health.

## EL CERRITO GRANTS CONTRACT FOR ABERNARLE STREET WORK

U. B. Lee was awarded the contract for the improvement of Abernarle street between Eureka and Central avenues at a cost of \$4,537.28, by the El Cerrito city council Monday night. The bid was about 30 percent under the estimate of Ross Caffee, city engineer.

Other bids received for the work were Hutchinson Co., Lee, J. Immel, Fred Meyers, Peres and Gatto and L. L. Page.

Request of the city of Albany for El Cerrito to join in the effort of abating mosquitoes and that the city should install two catch basins on Santa Fe avenue was laid over for one week for further investigation.

The council granted a permit to the Italian Federation of El Cerrito to hold a dance April 27 and 28 at Pink Lane hall.

The El Cerrito Boy Scout troupe was granted permission to hold a benefit dance at Schwake hall on May 4.

Application of residents on Potrero avenue for a street light to be erected on Potrero avenue between Second street and San Pablo avenue was referred to Light Commissioner Peter Larsen for one week.

Complaint by residents in the hill district that heavy trucks hauling in that section were breaking down the streets was referred to Street Commissioner Phil A. Lee.

A petition requesting that the council pay the street assessment against the park in the Berkeley Country Terrace tract and not allow it to be sold for the assessment was placed on file and will be taken up when the council will act on the disposition of the park next Monday night.

In response to the request of Louis Davis who appeared before the council in behalf of the Louis Hagan Post American Legion at El Cerrito the council endorsed the movement of the Legion to hold a Fourth of July celebration in El Cerrito.

Councilman Charles Zimmerman who investigated the condition of the dairy on Blake street reported that the dairy was in a very unsanitary condition as they had no sewer so Chief of Police R. R. Chesebrough was instructed to tell the owners to clean the place up.

No action will be taken on the changing the name of Stockton street to Terrace Drive as Councilman Phil A. Lee reported that there was a difference of opinion on the change and that he wanted to interview more of the residents.

Lee also reported that the park in the hill district had been sprayed and was rid of pests which were ruining the foliage.

On the suggestion of Councilman Phil A. Lee the council instructed Engineer Ross L. Caffee to prepare plans and specifications for the grading and opening of Arlington boulevard west of Seaside avenue to Cutting boulevard as at present it was a blind street and a menace to motorists.

Councilman J. R. Beck said that it had been reported to him that a local plumber was loaning his license to outside plumbers to operate in El Cerrito and if this were true it should be stopped immediately. The matter was referred to Plumbing Inspector.

## CHURCH FIRES UNDER PROBE

Investigation of four mysterious fires at the St. Mark's Catholic church within the last few weeks was asked by Rev. P. M. Griffin, pastor of the church yesterday.

Saturday afternoon fire destroyed a cloth covering the communion rail in the church auditorium. The blaze was discovered by Miss H. McGann. On the previous Saturday afternoon Rev. Father Hennessy, assistant pastor of the church discovered a blaze in the same location.

About two months ago, two fires were found at the communion rail on Sunday afternoons when the church was deserted.

Saturday Miss McGann had been decorating the church with flowers. She left the building for ten minutes and when she returned she found that the cloth, which extends about 40 feet across the front of the interior of the church, had been destroyed and fire had been started on the carpets under the rail.

In all cases, damage was reported as slight and the fires have occurred despite a close effort to watch the church. Authorities are at a loss to understand how the fires were started.

The church was destroyed by fire more than 12 years ago. The blaze was discovered late at night.

## U. S. IN NEW ARMS MEET PROPOSAL

GENEVA, April 22.—(U.P.)—The United States is willing to agree to any reduction of armaments, however drastic, which leaves no type of war vessel unrestricted. Hugh S. Gibson, American ambassador to Belgium, told the league of nations preparatory disarmament commission today.

The American delegate to the commission put disarmament discussion on an entirely new and "common sense" basis by offering a concrete proposal on which negotiations might proceed. His announcement of United States willingness to accept a compromise agreement to effect drastic deduction of arms was expected to speed negotiations toward the ultimate end of another general disarmament conference.

Representatives of the various powers, led by Lord Cushendun of Great Britain, received the declaration cordially and promised that their governments would give them full consideration.

Gibson said the United States, as a compromise, would accept the French thesis of limitation of total naval tonnage as a basis of discussion.

The three most important points in Gibson's speech were: insistence on the necessity of commission agreeing on a single and final text of a disarmament project.

President Hoover's conviction that the Kellogg treaty for renunciation of war creates a propitious moment for disarmament progress which must be taken advantage of immediately.

The naval problem, while it really concerns only the signatories of the Washington five-power agreement, can be discussed within the preparatory commission itself.

Gibson urged that the commission proceed on the idea that a "common sense" agreement is needed; that all nations are on friendly terms and that all nations intend to settle conflicts peacefully.
